ABOUT US

At the pain management center in Paterson, NJ, our physicians offer the newest pain relief treatments for patients suffering from acute or chronic pain conditions. Ivy League trained sport injury doctors highly specialized in treating pain-related injuries, including back, hip, shoulder, and neck pain.

Our team of best-in-class, top-rated pain specialists, led by Dr. Freeman, includes board-certified neurosurgeons, pain management physicians, nurse practitioners, and physical therapists, who work together to provide a collaborative, comprehensive, and integrated approach to pain management. These include spine and joint care, interventional pain management, chiropractic care, sports medicine, physical therapy, workers' compensation, and personal injury care.

Don't let pain control your life any longer. Take the first step towards pain-free life and schedule an appointment in a new cutting-edge, state-of-the-art pain management and sports injury clinic in Paterson, NJ. If you require immediate and effective treatment for acute pain, call our pain center at (973) 310-6507 to find a doctor near you.

Most patients come to our practice from the surrounding communities and cities, including Downtown, Eastside, Hillcrest, Riverside, Peoples Park, Sandy Hill, South Paterson, Stoney Road, Wrigley Park, and Totowa.
