# REDEFINE HEALTHCARE - HACKENSACK, NJ

## About us

At the **pain management center in Hackensack, NJ**, our physicians offer the newest pain relief treatments for patients suffering from acute or chronic pain conditions. Ivy League trained **sport injury doctors** highly specialized in treating pain-related injuries, including **back pain**, **hip pain**, **shoulder pain**, and **neck pain**.

Our team of best-in-class, **top-rated pain specialists**, led by Dr. Freeman, includes board-certified neurosurgeons, pain management physicians, nurse practitioners, and physical therapists, who work together to provide a collaborative, comprehensive, and integrated approach to pain management. These include spine and joint care, interventional pain management, chiropractic care, sports medicine, physical therapy, workers' compensation, and personal injury care.

Don't let pain control your life any longer. Take the first step towards a pain-free life and schedule an appointment in a new cutting-edge, state-of-the-art pain management and sports injury clinic in Hackensack, NJ. If you require immediate and effective treatment for acute pain, call our pain center at **(551) 296-7277** to find a doctor near you.

We provide pain management services in Hackensack, New Jersey (Bergen County), a central New Jersey neighborhood known until 1921 as New Barbadoes Township. Patients come to our practice from the surrounding communities and cities, including Bogota, Hasbrouck Heights, Little Ferry, Lodi, Maywood, Paramus, Ridgefield Park, River Edge, South Hackensack, and Teaneck. If you live in the following areas and are looking for a pain management center that genuinely cares about your well-being and provides exceptional and compassionate care, look no further than the Pain Center in Hackensack, NJ.
